DEPARTMENT OF CHEMICAL ENGINEERING

Date: 10-09-2018

DEPARTMENT CIRCULAR

To promote eco-friendly idols and help the homeless through selling the Lord Ganesha idols made by "STREET" society, RACE body of ANITS is selling the eco-friendly idols on 11th and 12th September, 2018 at the Chemical Engineering department portico. All the students and faculty are requested to promote and encourage eco-friendly idols and the STREET society.

To
The Principal,
ANITS Engineering College, Visakhapatnam

Respected Sir/Madam,

We are a team of people united under the name of STREET. Street is a social enterprise working to reintegrate the homeless back into the society. On the implementation side we conduct **events** weekly to comprehend the statistics of homeless around Visakhapatnam, and progress to figure out a framework of different solutions to end homelessness.

We are currently working on a **webapp** which acts as an online platform for procurement of homeless data and showcase this data of destitute and also the nearest help spots in real time on maps. We will also be releasing an instructable of impactful activities as a **playbook**. Many unstructured organizations and enthusiastic volunteers, that are working on same lines as us regarding ending homelessness, can go through the playbook for reference to replicate the model in their own wards or zones. We are planning to collaborate with the government and other stakeholders in the city to achieve the vision of Vizag being a city free from homelessness asap.

We hereby conclude that, students from your college of **Chemical Engineering Department**, helped us by supporting the sale of 90 eco friendly Ganesh Idols this Ganesh Chaturdhi, which raised us 4260 INR. In this regard, we would like to thank you for permitting your students to allow us conduct the event which would in turn let us help the homeless lead their life independently and also build a city free from beggars dwelling on the streets.

Thanking You,
STREET team
