12. ACADEMIC SUPPORT FACILITIES

To strengthen the teaching-learning process and to enhance the teacher student relationship through informal interaction, several innovative practices have been introduced at ANITS.

12.1 Proctorial System

In this system, faculty members are designated as Proctors and about 15 students are assigned to each proctor. The proctor acts as the campus guardian, mentor and guide to all those students assigned to him/her and keeps a record of their academic performance, attendance, academic & personal problems, if any, by maintaining informal interaction with them as well as with their parents. It is hoped that this would create a student friendly and student-centric environment in the institute, which will be conducive to the healthy growth and the intellectual development of the students.

12.2 Class Review Committees

A class Review committee (CRC) comprising all the faculty members handling theory /practical classes for that class and 4 students (2 boys and 2 girls), nominated by the H.O.D concerned (or the First year co-ordinator, in the case of First year classes) meets 2 times in a semester review the progress and the coverage of syllabus. Appropriate actions will be taken based on the suggestions to improve the academic activities.

12.3 (a) Centralized Student Feedback

The institute has a scientifically designed and fully computerized system of collecting student feedback and analyzing it in order to evaluate the performance of every faculty member. It helps the administration in identifying the strengths and weaknesses of every teacher. The teachers are given appropriate advice /training, based on this feedback.

(b) Feedback of Facilities

The institute has online feedback system collected both from students and faculty for improving the facilities.

12.4 Faculty Quality Improvement Program

ANITS encourages its faculty members to attend/conduct seminars, workshops and conferences in order to continually update and enhance their knowledge and skills. ANITS also extends support to its faculty members to improve their qualification/knowledge by sponsoring them under the Quality Improvement Program of the AICTE. A well-designed Faculty Development Program is conducted every year at ANITS, to refresh and strengthen their teaching Methodology.

12.5 Remedial Classes

Remedial classes are arranged in certain identified subjects for academically weak students whose performance in the mid-term examinations is poor. These classes are conducted outside /within the institute working hours by senior faculty members and are absolutely free of cost to the students.

12.6 Value-Addition courses

To bridge the gap between the requirements of the industry on the one hand and the topics prescribed by the University in the curriculum on the other, ANITS arranges, 'value- addition' courses at the college, for the benefit of its students, which are outsourced to experts in the fields concerned.

12.7 Scholarships
