Guest Lecture on "Kitchen and living spaces- Engineering lessons & industry content"

A guest lecture was conducted through online on "Kitchen and living spaces- Engineering lessons & industry content" by Mr. Prabhu Gudelli, Vice President, Head-operations Crop projects division, Hikal, Ltd. This lecture is jointly organized by ANITS - IChE student chapter & Department of Chemical Engineering on 26th December, 2020. He correlated daily life living things in kitchen and living spaces with the industrial equipments to know the importance of engineering perspective in various stages of design, operation and maintenance of equipments. In his lecture he emphasized on the role of chemical engineers in water treatment methods, design aspects of potable water and fire hydrant distribution systems. Size reduction equipments in chemical and pharmaceutical industries like Filz mill, delumper, air classification mills and micronization were discussed. He highlighted on type of reactors such as batch, semi batch and continues reactors and their design elements. He also enlighten on fermentation and bioreactors, flammable liquids and gases. Dr. Ch. Anil, Head, Department of Chemical Engineering, faculty and students participated and benefitted through the lecture.
